

NEOTECH

POWER CORD CABLES

NEP-series power cord cables use world-patented UP-OCC Technology Silver & Copper conductors, and has "UL" approved CL3 PVC inner insulation. Neotech NEP-series provides powerful current for the Hi-end system with high quality sound reproduction and better dynamics. These cables terminate with a "UL" approved UP-OCC IEC plug and connector.

UP-OCC SILVER CABLE

NEP-1001

NEP-1001 9AWG UP-OCC Silver Conductor

- UP-OCC Silver Multi-size Conductor
- CL3 PVC Inner Insulation
- Tinned OFC Braided Shielding
- UP-OCC IEC Plug & Connector Termination

UP-OCC COPPER CABLE

NEP-3200

NEP-3200 9AWG UP-OCC Copper Conductor

- UP-OCC Solid Copper Conductor
- Teflon Individual Insulation
- PVC Central Cord Design®
- UP-OCC IEC Plug & Connector termination

NEP-3001

NEP-3001 10AWG UP-OCC Copper Conductor

- UP-OCC Copper Multi-size Conductor
- CL3 Inner Insulation
- Tinned OFC Braided Shielding
- UP-OCC IEC Plug & Connector termination

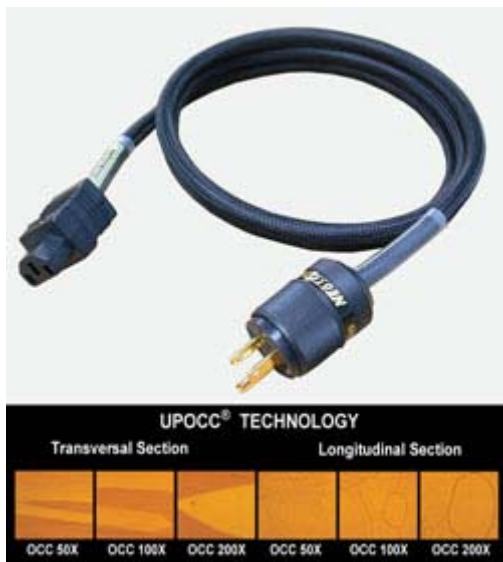

NEP-3002

NEP-3002 11AWG UP-OCC Copper Conductor

- UP-OCC Copper Conductor
- CL3 Inner Insulation
- Tinned OFC Braided Shielding
- UP-OCC IEC Plug & Connector termination

NEP-3003

NEP-3003 13AWG UP-OCC Copper Conductor

- UP-OCC Copper Conductor
- CL3 Inner Insulation
- Tinned Braided Shielding
- UP-OCC IEC Plug & Connector termination
